

# NUTECH-2020

Warsaw, 4-7 October 2020

International Conference on Development and Applications of Nuclear  
Technologies

Andrzej G. Chmielewski

*Institute of Nuclear Chemistry and  
Technology, Warsaw, Poland*

**Welcome to  
NUTECH 2020**

Welcome to the NUTECH2020 conference which has a long tradition dating back to the sixties of the last century. The last conference was organized by AGH-University of Science and Technology in Krakow in 2017. That conference, which will be recalled by Prof. Marek Lankosz, was filled with many beautiful social events, visits, hugs and toasts.

Knowing what limitations await us today, we wondered if the year of the pandemic was the right one to organize the next NUTECH conference. But after discussions and contacts with foreign centers, we concluded that there is nothing worse than breaking, even temporary, international cooperation. This leads to unfavorable consequences, also in the joint fight of scientists with the pandemic. Therefore, we invite you to participate also in Wednesday's web-in-air about PEP radiation sterilization and the use of low doses of radiation in the treatment of patients lethally attacked by the virus.

I would like to thank our Honorary Patrons for raising the rank of the conference, and in particular to the Ministry of Science for financial support for this important event. The important role of the International Atomic Energy Agency in sponsoring the number of remotely participating scientists should also be mentioned. I would like to thank the Organizing and Scientific Committee of the conference and all those who contributed to the organization of the conference in such a difficult time for everyone. Thanks go also to Mazurkas Congress Management for providing efficient support for the meeting.

MINISTRY  
OF CLIMATE

- I wish you a successful personal and remote participation in NUTECH 2020 and invite you to publish your works in a special issue of the Nukleonika magazine.
- I wish everyone and their families health and I express my hope that we will soon hug our friends.

*WE WISH YOU A GOOD MEETING – BEING HERE AND THERE !*

2020 – 2024

ONE OF THE  
HAPPIEST MOMENTS  
IN LIFE IS WHEN  
YOU FIND THE  
COURAGE TO LET  
GO OF WHAT YOU  
CANNOT CHANGE.
